EDUCATION

Shandong University, Jinan, China

Sep. 2020 - current

Ph.D. student in Software Engineering

Shandong University of Science and Technology, Qingdao, China

Sep. 2016 - Jun. 2020

Bachelor of Digital Media Technology

RESEARCH INTERESTS

I am interested in computer graphics, particularly in the fields of real-time rendering and realistic materials. Currently, I'm using deep learning to tackle material inverse problems, aiming to accurately approximate material appearance. For me, the journey of observing the real world and recreating it in a virtual one is a truly fascinating and enjoyable pursuit.

SKILL SET

Material Appearance

- Diffusion-Guided Relighting for Single-Image SVBRDF Estimation

Youxin Xing, Zheng Zeng, Youyang Du, Lu Wang Beibei Wang

Proceedings of SIGGRAPH Asia 2025

- A Tiny Example-Based Procedural Model for Real-Time Glinty Appearance Rendering

Youxin Xing, Haowen Tan, Yanning Xu, Lu Wang

Computation Visual Media 2024 (JCST)

- A Survey of Inverse Recovery Methods of Highly Realistic Surface Materials

Youxin Xing, Chengrui Ou, Yanning Xu, Lu Wang

Journal of Computer-Aided Design & Computer Graphics 2025

Real-time Rendering

- Real-time All-frequency Global Illumination with Radiance Caching

Youxin Xing, Gaole Pan, Xiang Chen, Ji Wu, Lu Wang, Beibei Wang

Computation Visual Media 2023 (CVMJ)

HONORS & AWARDS

National First Prize of National Digital Media Technology Work Competition

Nov. 2018

National Second Prize of Chinese Collegiate Computing Competition

Aug. 2018

Honorable Mention of Mathematical Contest in Modeling (International)

Feb. 2018

PROGRAMMING TOOLS

C++ & NVIDIA Falcor, Python & Pytorch
